

Science Fair Template

- Everything (except the pictures) in this template will be graded in your final project. The more quality information you have, the better the grade (See rubric).
- Delete the lines _____ and type your own information into the template.
- You may wish to change the colors, fonts, or whatever else to personalize it.

“Title”

by _____

Testable Question:

_____ ?

Abstract:

Hypothesis:

IF I change _____ (IV) _____,

THEN I predict _____ (DV) _____ will occur

BECAUSE

Variables:

Tested (Independent) Variable:

Outcome (Dependent) Variable:

Controlled Variables:

Materials:

- 1
- 2
- 3
- 4
- 5
- 6
- 7
- 8
- 9
- 10

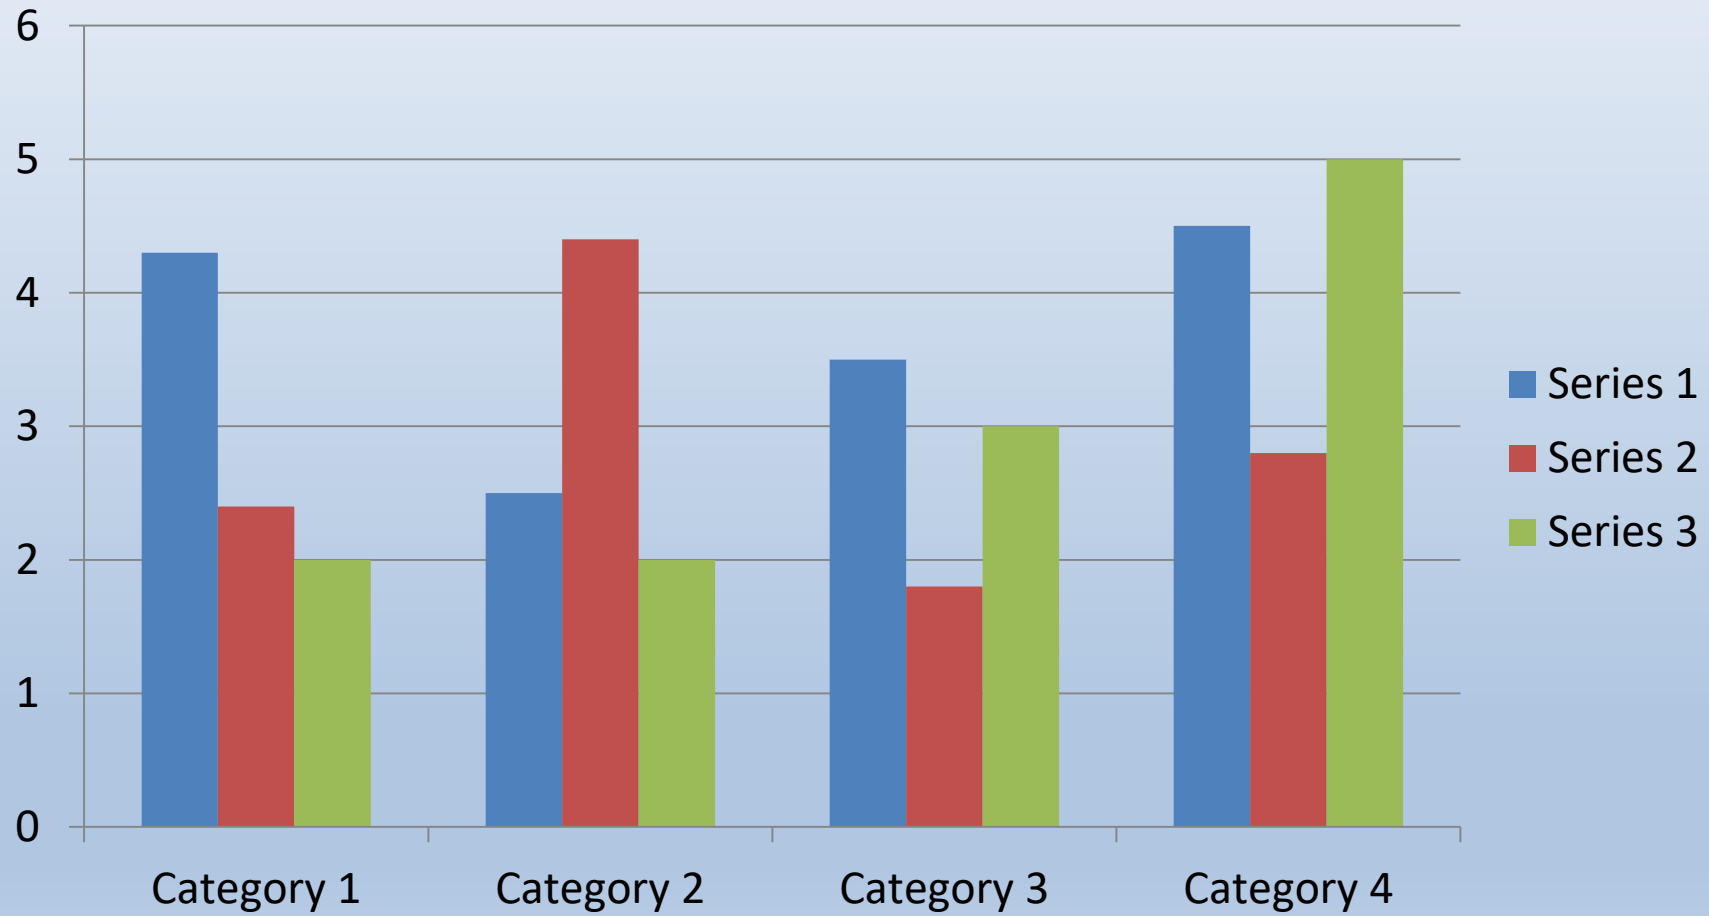

Procedures:

- Step 1
- Step 2
- Step 3
- Step 4
- Step 5
- Step 6
- Step 7
- Step 8
- Step 9
- Step 10

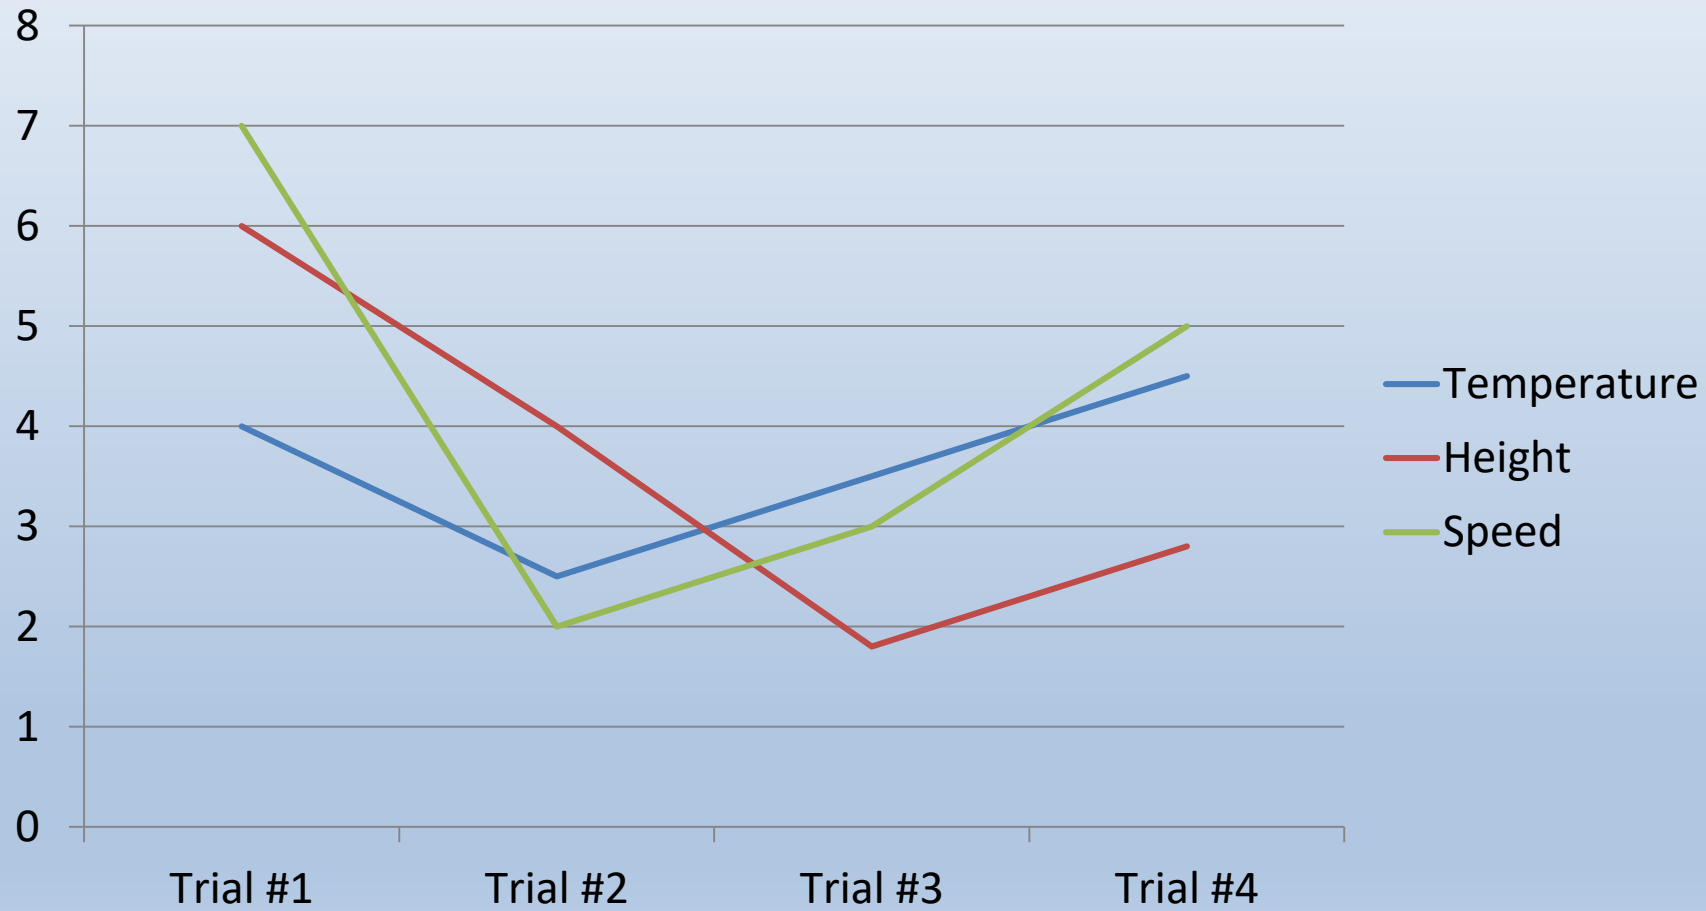

Pictures

- Optional but encouraged...

Bar Graph:

Line Graph:

Analysis:

- What patterns or trends do you see in the graph/data?
- What factors could have influenced your data?

Conclusion:

The data supported my hypothesis because...

Or

The data did not support my hypothesis because.....

I Learned (answer to your guiding question)

Reflections:

- I found out...
- I would change...
- I want to test _____ next time...
